6. With error display and explanation for easier maintenance.
7. A mass of mold technics parameters can be saved.
8. Can follow customer needs to customize above 1000T sprayer.

Model		SES4
Suitable machine		650T-1000T
Nozzle type	Sprayer heads width	585mm(+100 option)
	Sprayer heads length	300-350mm
	Descend stroke	-1120mm
	Numbers of nozzle	30 pcs
Tube type (Option)	Descend stroke	-1120mm
	Tube number on FP side	24 pcs
	Tube number on MP side	23 pcs
	Tube number on mid side	24 pcs
Air pressure		4-6kg
Air pressure inlet		PT1-1/4"
Release agent		2-5kg
Release inlet		PT1/2"
Base stroke		300mm
Machine size (L*W*H)		1500*960*1930
